OUR POLICY ON BILLING AND INSURANCE FEES

Our fees are based on the "customary and reasonable charge" established by Medicare in our area. Our services are covered by health insurance plans, auto insurance, worker's compensation, most managed care networks, and Medicare. We will attempt to clarify specifics of physical therapy coverage in your insurance plan before beginning your treatment. As therapy progresses we will submit your bill to your insurance company, including worker's compensation and auto insurance. However, plans vary widely with deductibles and co-insurance. It is possible that some portions of our total bill will not be fully covered by your health insurance carrier.

If your insurance does not cover physical therapy, we will make special consideration or a "fee for service" agreement. If a financial hardship exists do not hesitate to bring it to the attention of our insurance billing administrator. We will work out arrangements so that your needed treatment can be provided.

We appreciate payment of insurance co-payment and any unmet deductible amounts at the time of service.

I Have / Have Not had **Home Health** services recently
 I Have / Have Not had any **Physical or Speech** therapy this year
